

Cool heads

help in heated times.

This time, benefit from the respect and insight that comes naturally from a third party.

My Credo

- I will listen before I talk.
- I will question before I answer.
- I will admit my ignorance before I share my knowledge.
- I will give you the benefit of doubt before I give you the benefit of my experience.
- I will not simply listen to and use logic but I will share what I instinctively think too.

Then, together, we will craft a response to the situation. And together, we will see it through.
